### Core Competencies

In 2001, I founded Studio Image, Inc., a retail consulting company focusing on design finishes, sign fabrication and installation. Fast forwarding to the present, we clearly do far more than that today. We have developed many trusted partnerships with suppliers and producers worldwide over the past 20 years. We have pivoted our business to now include Specialty Office Supplies, as well as procurement and sourcing for our customers.

Our team specializes in sourcing, procurement and sales of PPE items and social distancing tools, which have become the “New Office Supply”. We work with corporate clients, medical facilities, schools and universities, and government agencies. We are a certified women-owned company based in Austin, Texas and we get things done!
